**AMAZON.COM – THE WORLD'S LARGEST INTERNET COMPANY**

Amazon.com is the world's largest Internet company. It started out as an online bookstore in the middle of the 1990s and grew gradually over the years. Today Amazon sells almost (1) ..... from CDs and DVDs to sportswear and electrical appliances. The company also produces its own tablets and e-readers and lets users upload their own photos and other files to the Amazon-based cloud.

Amazon offers its services all (2) ..... the world. It operates its own websites in the UK, Germany, China, Australia, as well as many South American and Asian countries.

Amazon.com was (3) ..... by Jeff Bezos in 1994. It first operated out of a small garage in Washington state. Within a year, Amazon offered hundreds of thousands of books. People (4) ..... not only order books from an online catalogue but also write their own reviews.

As time went on Amazon.com grew gradually. It bought many of (5) ..... rivals and today cooperates (6) ..... other companies and lets them sell their products via the Amazon website.

In 2007 Amazon surprised the electronics world with a revolutionary eBook reader, the Kindle, (7) ..... today dominates the market. In 2011 a tablet computer followed, the Amazon Fire. In the following years the company started selling music downloads and videos (8) ..... demand. Amazon customers can store everything they buy on their private cloud and download it anytime they want.

Today, Amazon.com serves 20 million customers every day. Its annual income is over 34 billion dollars.

There are a number of reasons for Amazon's success. One of them is company founder Jeff Bezos himself. He's an ambitious businessman who is not afraid of (9) ..... risks, even if it means a downturn for the company at first. Although Amazon.com is the (10) ..... Internet retailer in the world it is often criticized. Economic experts say that Amazon is turning Internet business into a monopoly. Others point out the bad working conditions for Amazon employees.
